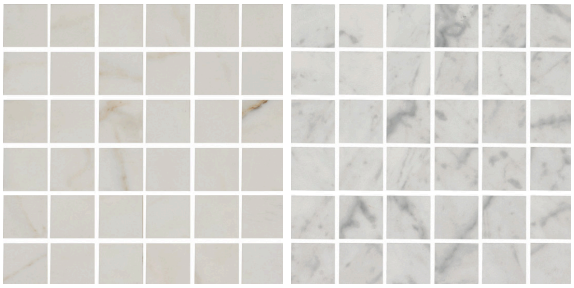
Available Colorways



105 Luxury 110 Luna

Additional Information

Per ANSI A326.3, a DCOF of ≥ 0.42 is recommended for tiles in commercial applications. Tiles with a DCOF < 0.42 are not recommended for wet or slippery areas. Contaminants like water, oil, or grease can increase slip risk—use caution when selecting products for such environments. For approved Areas of Application, please reference the chart above. For more information, visit www.tcnatile.com.

Not for use on ramps.

Due to natural variation in ceramic and porcelain tile, final selection should be based on actual product samples.

Ceramic Porcelain Step by Step Installation
Maintenance Guidelines

CERTIFIED PORCELAIN TILE 0.5% or less water absorption
